CITY NEWS

J. K. Burgess of Camrose was a visitor in the city last week.

Farmers do not postpone putting their hair insurance on your crop.

School closes on Friday of this week for the summer vacation, to be reopened on Monday, August 24th.

On Tuesday afternoon Mrs. P. Armstrong left her home in town, for a visit of indefinite length.

A number of cases of measles have broken out lately. Among the houses quarantined are J. F. Richards, H. P. W. W. Hey, Mrs. Barahall and M. S. Kolb.

Mr. and Mrs. V. L. Phipps were in the capital on Monday, spending a few hours with Mrs. French's brother, Mr. John A. Zouner, editor of the Canadian Courier.

H. S. Taylor has opened a barber shop in the building formerly occupied by the Star store. The appearance of the building is being greatly improved by a coat of paint.

Russell Higgins, express man at the depot, Sunday at his home in Leduc.

Mr. Buchanan has been successful in raising the casing in the city, well which means that the piping will now be preserved.

Miss Burns of the Alexandra school staff was among those who enjoyed the concert given by the city band in Edmonton on Saturday last.

"The bowl of the National Cream Separator runs on ball bearings. The longer you use it the easier it runs. There are only four parts to wash in the bowl of a National Separator," by Smith & Gibbs, Pearce St.

The Edmonton Fair and Race are being held this week and a large number of Wetaskiwiners are in attendance.

S. B. Tabbot went to Edmonton on Tuesday to visit Mrs. Tabbot who is confined to the hospital there, and also to attend the sports.

Moraville, Janellith, today the borer at work on the property of the National Cream Separator, the gas in considerable quantities, the work of piping will be started at once. People here are very anxious to get this business started.

For Dominion Day the Canadian Pacific Railway Company announce a rate of fare and one third for the round trip. Tickets on and June 29th, July 1st, inclusive, final return limit July 4th.

A dance will be given at the Walter school house a mile east of Wetaskiwin, on Wednesday evening, July 1st. Proceeds to be expended for the benefit of the school. Tickets, gentlemen 50c. Free lunch.

N. D. Jackson at the Criterion Hotel is indisposed with facial irritation. His host of friends are pleased to learn that he is improving nicely.

"It takes just about three minutes to wash the National Cream Separator—fifteen to twenty minutes for the other kind," Smith & Gibbs, 11-14

"For the Dominion Exhibition, Calgary, July 29th to July 31st, the Canadian Pacific Railway Company announce a rate of \$1.15 from Wetaskiwin to Calgary and return. Tickets on sale June 25th to July 1st, inclusive, final return July 12th.

"NOTICE TO FARMERS—Any farmer wishing our services this coming spring will do well to call on us early as we have a number of sales already listed for the month of March. We guarantee good judgment and satisfaction. Owen Bros., Box 175, Wetaskiwin.

A half-bred animal Lovell was brought up from Wetaskiwin on Saturday night and taken to Port. Be. skatchewan where he is being held on charge of horse stealing. The preliminary hearing was begun on Saturday and then adjourned for eight days.

"You can sell one of your cows and you will make more than before if you use a National Cream Separator. Sold by Smith & Gibbs, Pearce St.

Premier Rutherford has been asked to open the Winnipeg exhibition next month. He and Lieutenant Governor Bulvey will represent Alberta at the Tenthennial Celebration at Quebec.

A party of Seventh Day Adventists in North Dakota have purchased 10,000 acres from the Calgary Colonization Co. about thirty five miles east of Crossfield and 25 miles west of Strathmore.

Let the defamers of the Merry Widow hat forever hold their peace. A woman in Rochester, New York, made a bridge to draw herself, but the Merry Widow hat acted as a parachute and saved her life.

The Dominion Lands Agent in Edmonton announced that the preliminary plan of township 21, range 20, west of 6th meridian, has been received at his office and bona fide settlers therein may be granted after June 27th inst.

"At a recent test at the Ontario Agricultural College, in competition with seven other makes, the National Cream Separator made the best record for quick skimming. Buy a National Cream Separator, sold by Smith & Gibbs, Pearce St.

ANOTHER HAPPY EVENT.

The home of Mr. and Mrs. D. McPhail was the scene of a very charming wedding on Wednesday of this week, when their daughter, Pearl Eugene, was united in the holy bonds of wedlock to Mr. Jas. McEachern of Edmonton. The ceremony was performed by Rev. W. V. McMillan in the presence of only the most intimate friends of the bride.

At 7.30 a.m. the bride entered the parlor, leaning on the arm of her father, who gave her away, where the groom awaited her, and the beautiful services of the Church of England made them man and wife. After the ceremony the company sat down to a most recherche wedding breakfast, prepared under the supervision of Mrs. E. T. Williamson.

After the wedding breakfast, which Rev. Mr. McMillan proposed a toast to the bride, which was heartily received. The bride looked charming in a costume of pale blue crepe over tulle silk trimmed with hand embroidered chiffon. Her going away dress was of navy blue broadcloth trimmed with silk and velvet, with hat to match.

The bride received a number of handsome presents from her many friends. The groom's gift being a maple leaf brooch set with pearls. The happy couple left on the 9.30 train for Vancouver and Victoria, and a shower of rice and good wishes, where they will spend a three weeks' honeymoon.

On their return Mr. and Mrs. McEachern will take up their residence in Edmonton. The Times joins in extending best wishes for a long and happy trip down life's path.

The Baptists are arranging to make it as comfortable as possible for their friends during the Dominion Fair at Calgary. They will have a good rest tent on the grounds where friends may leave their wraps in safety, and where they can find a seat and read the papers. There will be a large supply of literature for free distribution. Rev. O. C. McLaure, Sup't. of the Fair, will be there to give information and to receive contributions. Rev. W. V. McMillan will deliver a special sermon to men in Immanuel church on Sunday evening next. All cordially invited.

Rev. Dr. Daly, L.L.D., delivered his valedictory address in the Methodist church on Sunday evening last, and Mrs. Daly leaves for Granum, his new appointment on Friday morning. His successor, Rev. O. S. Laidman, B.A., B.D., will arrive in the city on Saturday morning and will conduct both services in the Methodist church Sunday next.

The subject of the discourse in the Baptist church next Sunday evening will be "On the mountain range of high with the Apostles John." Sacred solos will also be rendered by Mr. Gardner.

Mr. Heric addressed the council report bylaw. His cow had been impounded and he considered without cause. He also considered that the present pound was not in a satisfactory condition.

Chandler-Gross-That the police committee look into the manner the pound bylaw is being enforced and if it is being abused have the matter adjusted—Carried.

Montgomery-Gross-That the matter of Driscoll & Knight to furnish a city map to a scale of 400 feet to the inch, lithographed and mounted on rollers, together with 25 printed maps for the sum of \$100 be accepted, maps to be delivered as soon as possible—Carried.

Meeting adjourned.

R. C. Ward was shaking hands with friends in the city on Friday last.

Miss Hope West arrived home from St. Hilda's College, Calgary, on Monday evening to spend the summer vacation. She is accompanied by her college chum, Miss Jessie McLeod.

Reggie Wilkins arrived home on Wednesday evening, having just completed writing on his examinations in connection with the college in Edmonton which he is attending.

The Dominion Fair commences in Calgary on Monday next, and large crowds contemplate attending.

McNamara & Rubra are in Edmonton giving demonstrations of their brush cutter.

ROPER-ROPER-On June 14th, at Bitter Lake, by Rev. A. P. Carter, W. Trevor Roper, only son of Ernest Roper, to Winifred N., eldest daughter of E. G. Gledhill Roper.

CHURCH CHIMES If the weather is favorable Mr. Baker will conduct an open air service on the Driard corner Sunday evening at 8 o'clock. Come and join heartily in the singing and make this meeting a success.

COUNCIL PROCEEDINGS

The regular meeting of the council was held on Tuesday evening with all present except Ald. Anderson.

Minutes of last meeting read and adopted.

Correspondence in and out read.

The question arose as to the advisability of selling small quantities of sewer pipe. It was moved by O'Brien and Kelley, That the public works committee bring in a report at next meeting in regard to the advisability of disposing of small quantities of sewer pipes and if thought advisable to recommend a price—Carried.

O'Brien-Kelley-That the chairman of the fire, water and light committee, who is in charge of the same, be empowered to purchase the necessary information—Carried.

Gross-O'Brien-That the public works committee be instructed to go into the question of cost of selling the necessary sewer pipe, with the engineer in view of his last trip—Carried.

O'Brien-Jones-That the clerk be instructed to write the O. P. R. informing them that we have no tenders for diversion of creek, work to commence about July 1st, and as very little can be done until it is completed under the O. P. R. right of way, they be asked at what time they can have their part of the work completed—Carried.

Kelley-O'Brien-That the question of purchasing a team of horses for city work be referred to the fire, water and light committee in conjunction with the mayor, and a committee report be brought in as soon as possible—Carried.

Mr. Heric addressed the council report bylaw. His cow had been impounded and he considered without cause. He also considered that the present pound was not in a satisfactory condition.

Chandler-Gross-That the police committee look into the manner the pound bylaw is being enforced and if it is being abused have the matter adjusted—Carried.

MILLER'S CIRCUS.

The 101 Ranch Wild West Show, the most remarkable amusement institution in the history of out-door spectacles, will visit this city on next Tuesday, June 20th, presenting an afternoon performance only and introducing itself with an elaborate forenoon street parade. Nothing like it in character or magnitude has ever before been seen here. The life of the ranch and range and Indian camp will be reproduced in all its spectacular and vivid picturesqueness by real living figures of the frontier.

The organization comes direct from the Miller Bros' ranch at Bliss, Okla., the largest and most famous in all the world. Every one of the seven hundred members is a permanent employee of the great enterprise, paraded to give the public its first truthful view of the life that has vitalized western history. At the conclusion of this tour they will return to their duties of the prairie.

There are three of the Miller Bros. Joseph C., Zack T., and George L., and they are the pride and wonder of Oklahoma and all the other great southwestern states. Their ranch holdings embrace more than thirty square miles, and their cattle and horses roam the unbroken range in droves of thousands.

The Miller Brothers entered the show business last year, when the directors of the National Jamestown Exhibition urged them, as famous representatives of the cattle raising business, to give an accurate illustration of its features. The show was the sensational triumph of the fair. Enthusiastic crowds flocked to every performance, never seeming tired of its stirring, unvarnished scenes and movement.

So tremendous was the popularity and patronage that New York City demanded an entertainment like it. The Millers hurried back to the ranch recruited another show and sent it on to Brighton Beach, New York City. Where for six weeks it broke movie-pollution records of attendance and favor.

The organization which is coming to this city is a consolidation of the two which astonished the country last year. It is a living page from frontier history, without professionalism or theatrics. Every figure and feature is original with the 101 Ranch—cowboys, cowgirls, Indians, "bucking" horses and trained cow-ponies, champions of the lariat, the gun and the bow and arrow, long-haired sters, pure-blooded buffaloes, emigrant schoolmarm and prairie stage coaches. Without variation or illusion, the sports, pastimes, hardships, dangers, perils and daily happenings of the ranch are reproduced.

The 101 Ranch Show, from its very nature and source, is different and distinct from anything ever shown before under canvas. It is fresh, clean and wholesome, fairly tingling with the atmosphere of prairie and mountain. There is no tawdry woman in it who has not learned the secrets of the border far out in the sage brush and the prairie, and who cannot read the grass and the sky with understanding eyes.

Miller Brothers have aspired to make their preliminary street parade a pageant that will remain a glorious memory to all who view its wonders. More than one hundred Indians are a fantastic feature, and every person and animal with the organization is required to be in line. The cavalcade stretches more than a mile in length and is a moving summary of the west which knows no barred wire or blocked trails.

Has the time already come when the Canadian west will be depended upon to supply the meat markets of the world? The present shortage in United States markets must continue until fall at least and it may take a year or two to recover. Meanwhile Canadian cattle will be almost a necessity across the line. Since Canada pulp wood has become essential to the operation of American paper mills there has been considerable agitation for the removal of the import duty. Uncle Sam may yet be compelled to remove or at all events considerably lower the import duty on Canadian cattle. Such an event would be hailed with pleasure by the Alberta stockmen.

The faintest of all dainty visiting cards, invitations for weddings, etc., programmes and other society printing.—The Times Printers.

CATERPILLARS CREATE HAVOC.

St. John, N. B., June 20th.—Caterpillars are creating havoc in some sections of the province. A regular army of them is reported from York county between Tracy and Cork stations, on the line between Fredericton Junction and Madam. On Thursday evening the pests started to cross the tracks, and a heavy freight train that came along was soon stalled. Three times in a distance of not greater than a mile the train was stopped by the pests. The train crew were forced to use shovels to clear the tracks. More than an hour was spent in getting the train past the spot, and it was only by piling up gravel that the trainmen succeeded in overcoming the difficulty.

Two million trees per year has been for the past five years, the average number of trees sent out by the Department of the Interior, through its Forestry Branch, to settlers on the western prairies, to be planted, for the most part, for windbreaks and shelterbelts. The total number of trees would plant up an area of some 4,900 acres if set under the regulations of the Forestry Branch. The scheme has been in operation since 1901, and is fully described in a pamphlet lately issued by the Department. The Branch has for several years past conducted its own nursery at Indian Head. All the trees used are now grown at this nursery, with the exception of Dakota cottonwood, which it is found much cheaper to import from Dakota. The varieties distributed, together with the proportion of each to the total, is as follows:—Green ash 45 per cent., Manitoba maple 30 per cent., Dakota cottonwood 11 per cent., American elm 9 per cent., Russian poplar 1 per cent.

The trees used are, for the most part, planted for shelterbelts and windbreaks, the need of which is readily appreciated by anyone who has lived upon or travelled over the prairie; incidentally they form a very welcome relief for the monotony of the prairie landscape and make the unimproved far more homelike, and have considerable esthetic value. Thorough inspection, both of the land to be planted the year previous to planting and of plantations already planted out, is maintained, and to this much of the success which has attended the scheme is due. Eighty-five per cent. and more of the trees set out are alive today. The pamphlet contains numerous illustrations, which show better than words do, the growth of a prairie plantation. It will be sent free of charge, address on application to the Superintendent of Forestry, Ottawa.

CURED ITCHING PILES

Mr. C. V. Mutart in a Customs Broker and Insurance Agent at St. Catharines, Ont. He writes the Zam-Buk Co. as follows: "I have been a sufferer for years with itching piles. I have spent many dollars on advertised remedies for Piles but got no relief. A friend of mine advised me to try Zam-Buk. I had but little faith in any remedy to cure me, but tried one box and I got relief at once. I have used four boxes and am completely cured. I cannot thank you enough for such a wonderful curative sale. I have recommended Zam-Buk to my friends and they too were cured."

DEADLY HOUSE FLY

The health department of Chicago has issued a warning against the deadly possibilities of common house flies. The Chicago document is good country-wide advice.

The only way to educate the public on this essential character of the fly, said Secretary Pratt, author of the bulletin, "is to keep everlastingly at it. Before the close of the summer, with the assistance of the newspapers are doing, we hope to have the people thoroughly aroused to the dangers of admitting the flies into their dwellings.

"Fly time is not far away. The common house fly is a nuisance worse than this, he is a pest—nuisance to health."

"For several years physicians have been studying flies as carriers of disease germs and more especially the probably part they play in the spread of typhoid fever and other intestinal diseases. Investigations already made disclose the fact that flies undoubtedly carry the germs of disease on their feet, and this makes them far more dangerous than mosquitoes.

"As is well known, flies swarm and breed in filth. During the summer months they are everywhere, in stables, barns, garbage boxes, decaying animal matter of all kinds swarms with them. From these places they migrate to our homes and are crawling over the tables in process of cooking in the kitchen and following them even to the dining room tables.

"In New York city a commission of scientific men has traced the cause of typhoid fever during the

summer months in several boroughs of that city to the presence of the common house fly. They have found that the activity of the summer house fly is in proportion to the temperature and that the house fly is the most active and voracious creature most numerous, corresponds exactly with the season of the greatest prevalence of typhoid and other intestinal diseases.

"It was also shown that several epidemics of a malignant form of dysentery radiated from a single locality, and that they entirely disappeared when proper disinfection had been enforced. In several instances local outbreaks of typhoid were traced directly to transmission by flies by use of staining dishes which demonstrated the transfer of the flies from filth direct to the kitchen.

"Thus it will be seen how easy it is for a common house fly, carrying thousands of dangerous disease germs in its mouth and on its feet, to scatter some of these same germs in the baby's milk or any other article of human food with which it may come in contact.

"The house fly is not born in the house. A few flies have each winter hidden in cracks and crevices. When the warm weather comes they creep out and the female fly seeks a proper and convenient place, generally a manure pile, where it deposits about 150 small white eggs. In warm weather these eggs will hatch in less than eight hours. Their growth is made in the form of larvae or maggots which are very small and white. Inside of ten days they develop into what come more flies.

"It is asserted that 95 per cent. of all house flies are born amid horse manure and that the remaining five per cent. are born in similar surroundings. With these facts in mind it is apparent that flies can most readily be destroyed while in the larval stage. Stable manure that has been thoroughly disinfected with chloride of lime will not breed them. But this is expensive. The better way is to have all manure promptly removed from the residence districts.

"But as flies breed from the egg to the fly in less than 10 days, all stable manure should be removed at least twice a week."

THE TEACHERS' INSTITUTE.

The Teachers' Institute was held at the Camrose school on Friday, June 12th, at which were registered about fifteen teachers from Camrose and the surrounding district. The morning session was taken up by papers by Messrs. Thompson and Miller, of the Provincial Normal School at Calgary the first dealing with the presentation of geography and the second with the very practical problems of hygiene and sanitation.

In the afternoon Mr. Thompson interpreted the program for the study of arithmetic as laid down by the Department of Education and gave some very useful suggestions on teaching that subject. Mr. Miller then gave a paper on Manual Training and showed the importance of this subject in the form of a school work. The Mayor, to take in school work. The Mayor, who with the members of the school board was present at this session.

Then welcomed the visiting teachers and gave them the reasons of the day. The Rev. Father of the Diocese, Mr. Layton, on behalf of the Camrose Club, then extended an invitation that evening by Mr. Green, of Red Deer. The meeting then adjourned to the refreshments which the school board had so generously provided—Mail.

PORK COMMISSION APPOINTED.

The Provincial Department of Agriculture has appointed a commission of three men to enquire into the pork industry in Alberta. The three commissioners, as given on this morning are A. G. Harrison, Edmonton; Francis Bower, Red Deer, and R. A. Wallace, High River. The commission will gather information regarding the extent of the pork industry in the Province. In order that the government may have authentic information as to the advisability of establishing pork packing factories under government supervision in Alberta. The date of the first meeting of the commission has not yet been arranged.

Hon. W. T. Finlay, minister of agriculture, is authority for the statement that the government is considering the report of the best commission presented last year with a view to improving the conditions prevailing in the best industry of the province.

For Diarrhoea, Dysentery

AND ALL

Summer Complaints

DR. FOWLER'S

EXTRACT OF

WILD STRAWBERRY

IS AN INSTANTANEOUS CURE.

It has been used in thousands of homes during the past sixty-two years and has always given satisfaction.

Every home should have a bottle so as to be ready in case of emergency.

Price 35 cents at all druggists and dealers. Do not let some unprincipled druggist humbug you into taking so-called Strawberry Compound. The original is Dr. Fowler's. The rest are substitutes.

Mrs. C. Bodo, Lethbridge, Alta., writes: "We have used Dr. Fowler's EXTRACT OF WILD STRAWBERRY and found it a great remedy for Diarrhoea, Summer Complaint and Cramps. We would not like to be without it in the house."

A WONDERFUL IMPLEMENT

A farmer in the Lacombe district has recently invented a machine that is destined to almost revolutionize the great agricultural industry. The invention, which by the way is now in the patent office at Washington, D. C., consists of a four horse cultivator that cultivates the soil thoroughly, tears out roots and dumps them all other trash into windrows about twelve feet apart. Settlers in opening up new countries have experienced untold difficulties in getting their land ready for a crop; the slow and tedious process heretofore employed in gathering up the peasy roots being sufficient to discourage even the bravest of pioneers. Now all this disagreeable back-breaking work will be done by machinery. The capacity of the machine is about twenty acres a day. There is also a leveling attachment to it to be used in giving the finishing touches to the field.

METTING CREEK

(Continued from last week)

Married—On June 10th, at the residence of the bride's parents, Mr. Elmer Johnson of Dayland to Miss Carrie M. Bland of this place, was united in the holy bonds of matrimony. Both bride and groom are well and favorably known in this neighborhood. Quite a large number of their relatives and friends were invited to the wedding and it is stated that the bride received a large number of valuable presents. Rev. O. V. Barham tied the nuptial knot. We extend congratulations and hope they may live a long and happy life together.

Marvynville and Glen Park are the names of two new school districts recently formed in this locality. Messrs. W. Dostler, B. A. Akland and Samuel Hanson were elected school trustees of the latter.

Miss Emma Olson is back from Lough where she has been visiting with relatives and friends for a short time.

Johnson Bros. are putting down a well for S. Hanson but they have a hard time to find water. They are now digging on the fifth hole.

WALKER SOUNDS NOTE OF WARNING.

Comment on the excellent crop out look in Western Canada, President Walker, of the Canadian Bank of Commerce, said at Toronto last week: "That is a bumper crop this season would be sufficient to restore prosperity."

"What Canada needs," said Mr. Walker, "is a good crop and a year of economy, that would bring us back to normal. A good crop alone would not be sufficient and perhaps it is because we have not been badly enough punished that we do not fully recognize this. The west may think that the past depression was caused by a bad crop, but, as a matter of fact, the bad crop was only an incident. The depression would have come without it."

"In the United States they had good crops, they got more for their cereals and cotton than ever before but they had more trouble financially than Canada had."

"The real cause of the depression was the tendency and practice of people living ahead of themselves. If there is a splendid crop and Canadians have not learned their lesson they will start cutting the same wide swath of over-expenditure, and there will be the same financial trouble following. The country needs a year of economy. The natural result of a good crop will be that money will be easier. Municipalities will take themselves able to sell their bonds. Some of them perhaps will take advantage of this to plunge into improvements on the old large scale. This will not be justified, for the country needs caution as well as crop."

The Toronto News has this interesting bit of editorial comment: "It is said that in some parts the people are now waiting for the government to make them rich, but that is not the case in the west. In Alberta in 1907 we reformed 138 companies with a capital of \$25,000,000 and started in to make ourselves rich. On some streets in eastern cities every fourth house seems to be that of a doctor. Down the Mackenzie river there is not a doctor from Great Slave lake to the Arctic ocean, and there are not half a dozen north of Edmonton district. Here is a chance for some young physicians, for thousands of people are going into those districts in the next few years. If make you rub your eyes, don't it not, when you read that Port Churchill townsite is about to be surveyed? But it will only be a little while when you people from Toronto will be coming up over the Ontario government railway to Port Churchill to meet your friends who came from Edmonton and Calgary over the Hudson Bay railway."

—THE GRADE STALLION—

Will stand for mares for the season 1908 on N.W. 1/4 22-64. Prince is Percheron and his colt got first prize in the yearling class at the Wetaskiwin fair in 1906.

Terms—\$4.00 cash at time of service or \$6.00 payable in September \$8.00 to guarantee colt on foot. All accidents at owner's risk.

Copy of Certificate of Grade Stallion—The pedigree of the stallion Prince, described as follows: Color, iron gray; foaled 1902, has been examined in the department and it is found that the said stallion is not of pure breeding and is therefore not eligible for registration in any stud book recognized by the department.

Dated at Edmonton this 4th day of Dec., 1907. Geo. Harcourt, Deputy Minister of Agriculture.

D. T. LEBNOR, Owner and Manager.

ONCE MORE WELL

"FRUIT-A-TIVES" ALONE CURED HIM
Clarence J. Placey is a farmer of Uberton, Que., known as a man of integrity and good judgment. He writes in no uncertain terms of the great aid that "Fruit-a-tives" has taken in taking "Fruit-a-tives" for a long standing kidney trouble.

Uberton, Que.

I suffered for many years with kidney trouble, with pain in the back and all symptoms of disease of the kidneys. I took every known kidney remedy and kidney pill but nothing gave me relief and I was getting discouraged. I was advised to try "Fruit-a-tives" and I did so—and this medicine cured me when every other remedy failed. I used altogether fifteen boxes of "Fruit-a-tives" and from the outset they gave me relief and I am now precisely well again, no pain in the back, no distress, and all the symptoms of severe kidney disease have entirely left me. I am very thankful to them for it. "Fruit-a-tives" cost \$1.51.

(Sgd) CLARENCE J. PLACEY.

"Fruit-a-tives" — or "Fruit Liver Tablets" are sold by dealers at 50¢ a box — 6 for \$2.50 — or will be sent on receipt of price. Fruit-a-tives Limited, Ottawa.

GREAT UNRESERVED

Auction Sale

—OF—

Clock, Implements and Household Effects

CITY NEWS

Mrs. J. R. Staples will receive for the first time on Friday, July 3rd.

Miss West of Inland was visiting relatives in town during the past week.

On Thursday evening Miss Knight gave a successful informal reception to some of her friends. Various games, contests, music and dainty refreshments made the evening most enjoyable to all participating.

Chas. Boyer returned on Saturday evening, accompanied by his bride, Miss D. D., on the 17th inst., to Miss Jean Jones. A large number of his having been married at St. Thomas, friends gave him a right royal reception upon his arrival home.

Harold Nelson and party gave a splendid play on Friday evening last in Angus Opera House, when Grunstar was put on the boards. Mr. Nelson proposes to return in the fall with a strong company.

The Leduc baseball team came down on Tuesday evening and played a friendly game with the team here. Heavy hitting on both sides was the feature of the game. Honors were about equal between the battlers. Blades was in the box for the visitors and Gilbertson did the twisting for Wetaskiwin. The score was Wetaskiwin 10, Leduc 5.

The Inland school board refused to release two teachers on the ground that they were under contract for a year.

Eighty five Italian laborers armed with revolvers and dirks defied the O. P. R. officials to eject them from laborers' boarding cars at Toronto.

MOOSE JAW TO LACOMBE.

Winnipeg, June 18.—The Canadian Pacific Railway have decided to proceed with further construction on the Moose Jaw-Lacombe branch.

This branch will be one of the largest and most important in Western Canada, running from Moose Jaw on the main line to Lacombe, on the Calgary and Edmonton branch, near Calgary, through a practically new country, and one well known to be of agricultural value.

The branch has already about thirty miles of steel laid out of Moose Jaw, but in the last times work was stopped. It will now be resumed and runned to completion.

FOR SALE—Two teams of work horses, weight about 1400, 7 and 8 years old, and two wagons nearly new, or will trade for steers. 15 miles north of Highland Park and six miles due west of New Norway. Charles Felter, Rosetown P. O. 14—4th

CHURCH LEAGUE BASEBALL

Baseball enthusiasm is keen in the city. The school arches, the old man, the league player and the amateur, are all practising hard. The reason for this is that the baseball league has been formed, in which six denominations are figuring. One of the advantages of this league is to bring the young men of the various churches into close relationship and on more intimate terms. A nominal admission fee of 10c is being charged which, after all expenses are defrayed, will be turned over to the hospital.

The following is the schedule of games:

June 24—Baptists vs. Catholics
June 25—Presbyterians vs. Methodists
June 26—English vs. Lutherans
July 3—Baptists vs. Presbyterians
July 4—Catholics vs. Lutherans
July 5—Methodists vs. English
July 13—Baptists vs. Methodists
July 15—Catholics vs. English
July 20—Lutherans vs. Presbyterians
July 22—Baptists vs. English
July 27—Catholics vs. Presbyterians
July 28—Methodists vs. Lutherans
Aug. 5—Catholics vs. Methodists
Aug. 10—Presbyterians vs. English

The executive committee is composed of the following: Methodist, F. E. Kelley; Presbyterian, J. R. Staples; Church of England, H. I. Miller; Anglican, W. H. Metcalfe; Lutheran, J. P. Johnson; Catholic, N. Genz; Chairman of Committee and President of Amateur League, H. I. Miller; Secretary-treasurer, J. R. Staples.

IMPORTANT LEGAL ESTATE DECISION

An important decision was handed down to Judge Stewart at Edmonton in the case of Morris and Gravo vs. Mason and Finn, which was heard in the supreme court. The plaintiffs in the case had some time ago purchased a section of land known as the North Delta in the Northern part of the city from B. D. Grierson. The property was purchased on the principle of a nominal cash payment, and the balance in instalments. Subsequently the plaintiffs entered into an agreement with Mason and Finn for the sale of a number of lots under similar conditions as stated above. The defendants failed to meet their second payment and suit was entered against them. Judge Stuart, after hearing the case, gave judgment in favor of the plaintiffs holding that the plaintiffs were not entitled to recover until they could show title in their own name.

BAPTISTS DEFEAT THE CATHOLICS.

The first game in the church league was played on Wednesday evening and the quality of the ball put up was a revelation to the large crowd of spectators. The greatest interest was manifested throughout the contest, and the many good plays on both sides were loudly cheered. The Baptists have a strong battery in Kolb and Legear, while the Catholics were weak in these positions. Genz pitching the first three innings and T. Provo completing the contest. The Baptists got ahead in the second, when they tallied four. The final score was: Baptists 7, Catholics 4. J. P. Richards, the father of baseball here, is the official umpire of the league, which means that everyone will get justice.

The following were the players and positions:

Catholics—S. Baxter, C. J. Baxter, P. A. Miquelon, S. D. Walker, H. A. Provo, D. H. Hunsberger, N. Genz, P. Sharkey, G. Soames, T. Provo, P.

Baptists—Kolb, C. Vanderburgh, H. Legear, S. D. Walker, H. A. Provo, D. H. Hunsberger, N. Genz, P. Sharkey, G. Soames, T. Provo, P.

Score by innings: 0 0 3 1 0 0—4
Baptists 0 4 1 0 2 0—7

The annual celebration of the Loyal Orange Lodge of Alberta will be held this year at Strathcona Agricultural Fair Grounds on the 17th of July.

BOARD OF TRADE ACTIVE

A special meeting of the executive of the Board of Trade was held in the council chamber on Thursday afternoon and appointed a special committee of Messrs. Benson, Provo, and Bradley to look into the matter of getting out literature. The committee has made arrangements with The Times for the production of 5,000 booklets. Special cuts have been prepared and will be used for this purpose. The board has a membership of over one hundred and it is still growing.

BASKETBALL REPUTATION SAFE

On Thursday evening the girls basketball team of the Strathcona school visited our city and played the Leduc team. The game was played in the school yard but owing to the recent heavy rains the ground was rather soft. A large crowd of interested spectators gathered and the game was played at 7:30. Our girls maintained the honor of the city and school by scoring 7 baskets to their opponents 3. At the conclusion of the game both teams, the teachers on the staff and a few others went into the kindergarten where ice cream and cake was served.

STRATHCONA'S EASY WIN

Plainsdealer: The Strathcona baseball nine, registered their first victory in the Twilight League series at the agricultural grounds on Friday afternoon, when they defeated the representatives from the "Elevator City" by a score of 13 to 6. The unassisted condition of the weather and the inconvenient hour of the game, prevented a large attendance. Ellis, formerly of Strathcona, was in the box for Wetaskiwin. McLaughlin did the heavy work for Strathcona and the visitors were unable to solve his delivery.

Following was the line up: Strathcona: Lee 3b, Dobson lf, Purdy ss, Ball lf, Wylie rf, McLaughlin p, Miller c, Carmichael, cf, Hall 2b. Wetaskiwin: Barrett 2b, Martin c, Handford rf, Johnston ss, L. Murray 3b, S. Murray cf, Gilbertson lf, Ellis p, Smith 1b.

The score by innings: 4 1 0 1 1 5 1—13
Strathcona 2 0 1 0 2 0 0—6

INCREASED RATES FOR I.O.F.

Toronto, June 21.—It is estimated that the new rates will mean an increase of nearly \$900,000 to the mortgage fund of the I.O.F. The deficit of \$425,000 in 1907, under the new rates as would have netted a surplus of \$275,000. The increase averages \$9 per member per annum. The order numbers 112,000 members and carries \$140,316,523 insurance. The average rate formerly paid was \$1.01 per \$1,000. This is increased to \$1.10. It has been decided to abandon the plan of home on Forrester Island, built by Dr. Ormbyakata at a cost of \$220,000.

CONVENTION

A convention of delegates from local unions of Canadian Society of Equity will be held in the New Sweden church on Thursday, July 2nd at 10 o'clock a.m.

The business is to formulate a co-operative movement among the members, and for the consideration of other important business. Every union is urged to send a full delegation.
